GREEN TAGS

Compliant with CAM/GPP
The product complies with the requirements established by DM 51 of 29/01/2021 regarding the Minimum Environmental Criteria (CAM), specific to Italy, which define environmental standards to be applied throughout the entire life cycle. Furthermore, it meets the requirements of Green Public Procurement (GPP).

EPD for trolleys
The product is accompanied by an Environmental Product Declaration (EPD), providing transparent and verified data on environmental impacts throughout the life cycle, from production to disposal. It **ensures** a reliable assessment based on the Life Cycle Assessment (LCA) methodology.

Climate Declaration
The climate declaration shows the emissions of greenhouse gases, expressed as CO2-equivalents. It is based on verified results from a lifecycle assessment (LCA) performed as the basis for an EPD®, in accordance with ISO 14025.

CFP for trolleys
The product complies with ISO 14067, which calculates the carbon footprint (CFP) over the entire life cycle, from production to disposal. The standard defines greenhouse gas emissions generated at each stage of the life cycle, encouraging CO2 reduction and promoting environmental sustainability.

ReMade in Italy
The product is certified ReMade in Italy or includes ReMade in Italy-certified containers in its equipment as required by DM 51 of 29/01/2021 regarding Minimum Environmental Criteria (CAM).

Ecodesign
This product is designed to optimize packaging, transport, recycling, and material recovery once it reaches the end of its life cycle.

Repairable Product
This product is designed to be easily repaired or refurbished, extending its lifespan and contributing to waste reduction. More information at: www.falpi.com/en/repair-reuse

Eco-sustainable packaging
This product is packaged in recyclable packaging that complies with current regulations (D.Lgs 116 of 03/09/2020), designed to facilitate separate waste collection and reduce environmental impact.
